Plenty of hospital and extra extras

Hospital

What's covered

You can claim benefits towards thousands of procedures in a private or public hospital. Below are some of the most common ones.

What we pay towards included services:

- theatre fees and hospital accommodation in a private or shared room.
- accident override - this is cover towards hospital treatment, including rehabilitation, required as the result of an accident that occurred after joining this cover.
- surgically implanted prostheses up to the minimum benefit listed on the Federal Government's Prostheses List.
- doctors' fees for in-hospital medical services.
- GapCover for participating doctors', specialists' and surgeons' medical fees. See our section on GapCover for more info on possible out-of-pocket expenses.
- speech processor and insulin pump replacements - benefits are paid in accordance with the minimum benefits listed on the Federal Government's Prostheses List.

 For more info see the Member Guide ahm.com.au/forms-guides

Ambulance Services

Unlimited cover for medically necessary ambulance trips to the nearest hospital able to provide the level of care you require. Tas and Qld residents are covered by their state schemes.

-  Accidents
-  All joint investigations and reconstructions
-  Colonoscopies
-  Grommets in ears
-  Gynaecological procedures
-  Removal of appendix
-  Removal of tonsils and adenoids
-  Surgical removal of wisdom teeth (hospital charges only)
-  All other in-hospital services that are not restricted or excluded (where Medicare pays a benefit)

-  TENS machine
Hire: \$40 benefit, limit of 1 per person per financial year.
Purchase: \$60 benefit, limit of 1 per person every 3 financial years.

What's partially covered

We'll partially cover costs of the below 'restricted services'. These are for services in a public hospital as a private patient with your choice of doctor. The full cost of services won't be covered and you may have large out-of-pocket expenses.

What we pay towards restricted services:

- shared accommodation at a public hospital or a reduced level of accommodation benefits at a private hospital.
- surgically implanted prostheses up to the minimum benefit listed on the Federal Government's Prostheses List.
- doctors' fees for in-hospital medical services.
- GapCover for participating doctors', specialists' and surgeons' medical fees. See our section on GapCover for more info on possible out-of-pocket expenses.

Obstetrics-related services

Palliative care

Psychiatric services

Rehabilitation

What's not covered

For these excluded services the cost of treatment won't be covered at all.

Just a heads up:

There are some other procedures, charges and items that we don't pay benefits for because they aren't covered by Medicare or listed on the Medicare Benefits Schedule (MBS).

 For more info see the Member Guide ahm.com.au/forms-guides

Services not covered by Medicare (including cosmetic treatment)

Excess explained

An excess is an upfront lump sum payment that you agree to pay towards the cost of your hospital stay or day surgery. You'll have to pay this directly to the hospital and in most cases they will require this on admission.

Excess payments don't apply to any Child Dependant, Student Dependant or Adult Dependant on the policy.

Here's an example:

Your first hospital visit

Next and ongoing hospital visits in the same membership year

Limit of \$500 per person (or \$1,000 per family) in a membership year.

There might be a gap...

The benefit we pay towards medical services is based on the Medicare Benefits Schedule (MBS). If a service is listed on the MBS and included on your cover, Medicare will pay 75% of the MBS fee and we'll pay 25%.

A doctor may choose to charge more than the MBS fee. This may leave you with an out-of-pocket expense you have to pay. This is the 'medical gap'.

Before you book your treatment:

- to limit medical gaps, check with your doctor to see if they will participate in GapCover before agreeing to treatment. You can search for doctors who have previously registered for GapCover at ahm.com.au/find-a-doctor
- call us to ask about the benefits you can expect to receive and any out-of-pocket expenses you might incur
- confirm any out-of-pocket expenses with your hospital and doctors before admission.

Accident Override

Accident Override means that services which are normally partially covered or not covered will be treated as Included services where you require hospital treatment as the result of an accident that occurred after joining this cover.

Benefits are payable for the initial and ongoing hospital treatment for injuries resulting from the accident covered by ahm under Accident Override.

What is GapCover?

GapCover is designed to help reduce or remove the medical gap so that you pay less for your treatment or nothing at all. If your doctor chooses to participate in GapCover, we'll provide benefits up to an agreed fee and then you'll have to pay any difference.

Under GapCover, the maximum gap that you'll have to pay is \$500 per claiming provider (i.e. doctor's account).

GapCover doesn't apply to diagnostic services such as blood tests, x-rays and ultrasounds.

This means...

We'll help cover the hospital costs if you get injured in an accident after joining us. Please note that we won't pay benefits towards services that aren't covered by Medicare, even if they're required as the result of an accident.

Hospital waiting periods

This is a set amount of time you must wait before you can receive benefits for a service included on your cover. A waiting period applies when you first join or re-join after some time without health insurance, change to a higher level of cover, get cover for additional services or increase your limits.

There are also waiting periods on your extras, but let's talk about that in the extras section.

1

day

- Hospital treatment as a result of an accident that occurred after joining this cover
- Ambulance Services

2

months

- Hospital treatment (where there are no pre-existing conditions)
- Rehabilitation, psychiatric services and palliative care (regardless of whether the condition is pre-existing)

12

months

- Pre-existing conditions
- Obstetrics related services
- Speech processor and insulin pump replacements
- TENS machine hire or purchase

Pre-existing condition...please explain

This is any kind of condition, illness or ailment that you had the signs or symptoms of (in the opinion of ahm's appointed Medical Practitioner) in the 6 months before you joined private health insurance or changed your cover.

Before any hospital visit call us on **134 246** to make sure you're covered.

Extras! Extras! Read all about them...on the next page.

Extras

With ahm black+white boost flexi you get one flexi limit to use on one, or all, of your Included extras each financial year plus a separate optical limit. The longer you're a member with us, the more you can claim.

Loyalty rewards

Your annual limit for included extras will start increasing after you've been with us for one full financial year. This means you get a \$100 more to spend on your included extras each full consecutive financial year you stay with us, capped at \$1,200 in year 5. The limit is calculated by using the number of full continuous financial years the Principal Member has held cover with us.

When you join	Year 1	Year 2	Year 3	Year 4	Year 5
\$800	\$800	\$900	\$1,000	\$1,100	\$1,200

Included extras

Annual limits apply per person and reset every financial year.

Extras waiting periods

Like hospital cover, waiting periods on extras are the set amount of time you must wait before you can receive benefits for a service included in your cover. If you switch to us from another private health insurer or change to a different cover with us, we'll generally recognise any waiting periods you've already served for comparable extras.
