You're good.

Your guide to choosable 60 teeth / eyes

Your extras, your choice

This information is current as at 11 August 2021
and subject to change from time to time.

Insurance just got good-er with our most flexible extras cover ever.

The choice is yours

With choosable extras, your extras are your choice. You start with the base bundle – teeth and emergency ambulance – and then choose the extras bundles you need. Better yet, you can choose how you use the services in each bundle and even choose to switch out your added bundles when your needs change!

Bundle limits and waiting periods apply.

Unlimited emergency ambulance

Your choosable extras cover includes 100% back for bills on emergency ambulance transport to hospital due to a sudden or unexpected event (1 day waiting period applies). It excludes transport covered by a state scheme or ambulance subscription and non-emergency transport, e.g. transport from hospital to home.

Tasmania and Queensland residents are covered by their state schemes.

No surprises

You'll get 60% back for bills on included services, up to your bundle limits. The best bit is - we let you choose which providers you can claim your included extras from, as long as they're legally qualified to practise in Australia and have been recognised by ahm.

Waiting periods apply.

Included extras

We've put everything included in your choice of bundles on the following pages. Nice! Please note, waiting periods and bundle, family and lifetime limits apply. Bundle and family limits reset every financial year.

What is a Waiting Period?

This is the set amount of time you must wait before you can receive benefits for a service included in your cover. If you switch to us from another private health insurer or change to a different cover with us, we'll generally recognise any Waiting Periods you've already served for comparable extras.

Benefits paid under your previous cover will be taken into account in determining the benefits payable under your ahm cover.

What is a bundle limit?

A bundle limit is the maximum amount of benefits we pay across all of the services included in that bundle, within a financial year. Bundle limits are subject to per person, family and lifetime limits.

It's completely up to you how you use the services included in the bundle. Have our teeth bundle, and need fillings or a crown? No worries! Just put your bundle limit towards what you need.

Bundle limits do not apply to unlimited emergency ambulance.

teeth
