Silver plus hospital cover with
a side order of added benefits.

Hospital cover

Your ahm hospital cover can pay towards services you receive when you're admitted to hospital and treated as a private patient. It can't pay towards any services when you're not admitted to hospital (eg. seeing your GP or specialist).

We won't pay benefits towards services that aren't covered by Medicare or listed on Medicare Benefit Schedule (MBS).

Call us on 134 246 before any treatment to check what we'll pay towards and what out-of-pocket costs you may incur.

✓ Included Service

We pay benefits towards overnight and same day hospital accommodation, intensive care and medical services where a Medicare benefit is payable.

ahm has arrangements with most private hospitals and day surgeries in Australia - these are known as Partner Private hospitals. You'll generally get better value if you go to one of these providers.

If you're treated at a non-Partner Private hospital, we'll generally pay lower benefits and you may incur significant out-of-pocket expenses.

Where you're treated as a private patient in a public hospital, we'll pay benefits towards the cost of overnight and same-day accommodation in a shared room. If you have a private room in a public hospital, we may pay an additional amount towards this, but the hospital may still charge you an out-of-pocket expense.

R Restricted Service

We pay the minimum benefit set by the government towards hospital accommodation.

If you're treated in a private hospital for a Restricted Service, you are likely to incur substantial out-of-pocket expenses because this minimum benefit will not be enough to cover all hospital costs.

For Restricted Services as a private patient in a public hospital we'll pay minimum shared room benefits.

X Excluded Service

We won't pay any benefits towards these Excluded Services, including any hospital accommodation or medical services.

There are a number of MBS items that will also be included to support the services under this cover where a benefit is payable. These may include items like in-hospital consultations, and some scans and anaesthetics that are associated with your hospital admission.

¹Your hospital cover does not include non-PBS drugs. We will only pay towards cancer-related surgery where that surgery is an Included or Restricted Service under your cover.

²For Dental surgery performed by a dentist rather than a medical practitioner we only pay benefits towards hospital charges. If the surgery is performed by a medical practitioner and Medicare benefits are payable, we will pay benefits towards the hospital and medical charges.

³For Podiatric surgery we only pay benefits towards hospital charges. There are no Medicare benefits payable for podiatric surgery. This means we also don't pay any benefits towards the podiatric surgeon's fees under Hospital cover and you could incur significant out-of-pocket expenses.

The table below shows what's Included, Excluded and Restricted in your hospital cover.

Ambulance Services

Unlimited benefits for medically necessary ambulance trips to the nearest hospital that is able to provide the level of care you require. TAS and QLD have State schemes to cover ambulance services for residents of those States.

Accident Override

Services which are normally Restricted or Excluded Services will be treated as Included Services where you require private hospital treatment as the result of an Accident that occurred after joining the cover.

Benefits are payable under Accident Override for the initial hospital treatment for injuries resulting from the Accident. Benefits are also payable for ongoing hospital treatment where the services are required to continue the initial course of treatment paid under Accident Override.

Speech processor and insulin pump replacements

We pay benefits in accordance with the minimum benefits listed on the Federal Government's Protheses List.

Health checks

Each person on your cover can get a benefit of up to \$50 towards one health check (e.g. heart checks) each financial year, as long as it isn't covered by Medicare, your employer or another third party.

Travel & Accommodation benefits

We'll pay a travel and accommodation benefit related to a hospitalisation where:

- the patient has to travel more than 200km return in relation to a hospitalisation, or
- in life or death situations, for a partner or next of kin (supporter) to accompany the patient, or
- a parent accompanies a Child Dependant.

This benefit is only payable where both the patient and the supporter hold an ahm hospital cover that includes this benefit and for travel or accommodation relating to a hospitalisation. The combined benefit per day includes both travel and accommodation. We won't pay benefits for both the patient and supporter for the same dates.

Accommodation for a patient who travels greater than 200km return in relation to a hospitalisation is only payable for one night before and one night after the admission, unless supported by medical certification of a genuine need for an extended stay.

We'll pay for accommodation for the supporter during the patient's hospital admission only.

Proof of travel and accommodation costs will be required.

Benefits payable include:

Travel – 15c per kilometre travelled

Accommodation – \$75 per night

Up to \$750 per person, per financial year.

Excess explained

Excess is the amount you pay towards your hospital admission (same-day or overnight), often at the time of your admission, before we pay any benefits.

Excess levels available on this product are \$500 per person (up to a maximum of \$1000 per couple/family) and \$750 per person (up to a maximum of \$1500 per couple/family). Excess applies per member, per Membership Year.

Membership Year is the annual period commencing on the date that you join an ahm hospital cover, or change to a new ahm cover for hospital treatment, and renews every year on that date.

Don't forget, you won't pay an excess for Dependants on this product.

To find out what excess you have on your product, log into your account at members.ahm.com.au

GapCover

How to reduce your in-hospital medical out-of-pocket expenses

GapCover is designed to help eliminate or reduce your out-of-pocket expenses for in-hospital doctor's charges.

Where your doctor decides to charge more than the MBS fee (the set government fee), you will be left with an out-of-pocket expense, commonly referred to as the 'gap'.

Doctors can choose to participate in GapCover on a claim-by-claim basis.

Check upfront with each doctor involved if they'll participate in GapCover for each claim as part of your treatment, to help reduce your out-of-pocket expense. Out-of-pocket expenses may still apply.

It's important to know GapCover doesn't apply to diagnostic services.

Hospital Waiting Periods

A Waiting Period is a set amount of time you must wait before any benefits are payable for items and services that are included under your cover. Benefits are not payable for items and services received during a Waiting Period.

Waiting Periods apply when you first join private health insurance. Waiting Periods may apply if you have a gap of more than 30 days between cancelling and re-joining, or switching to ahm from another insurer. They also apply if you change to a level of cover that has additional services or higher benefits on services, or changing cover to reduce any Excess and/or Daily Charges.
