Hospital and extras cover with a little more.

Hospital cover

Your ahm hospital cover can pay towards services you receive when you're admitted to hospital and treated as a private patient. It can't pay towards any services when you're not admitted to hospital (eg. seeing your GP or specialist).

We won't pay benefits towards services that aren't covered by Medicare or listed on Medicare Benefit Schedule (MBS).

Call us on 134 246 before any treatment to check what we'll pay towards and what out-of-pocket costs you may incur.

✓ Included Service

We pay benefits towards overnight and same day hospital accommodation, intensive care and medical services where a Medicare benefit is payable.

ahm has arrangements with most private hospitals and day surgeries in Australia - these are known as Partner Private hospitals. You'll generally get better value if you go to one of these providers.

If you're treated at a non-Partner Private hospital, we'll generally pay lower benefits and you may incur significant out-of-pocket expenses.

Where you're treated as a private patient in a public hospital, we'll pay benefits towards overnight and same-day accommodation in a shared room.

R Restricted Service

We pay the minimum benefit set by the government towards hospital accommodation.

If you're treated in a private hospital for a Restricted Service, you are likely to incur substantial out-of-pocket expenses because this minimum benefit will not be enough to cover all hospital costs.

For Restricted Services as a private patient in a public hospital we'll pay minimum shared room benefits.

X Excluded Service

We won't pay any benefits towards these Excluded Services, including any hospital accommodation or medical services.

There are a number of MBS items that will also be included to support the services under this cover where a benefit is payable. These may include items like in-hospital consultations, and some scans and anaesthetics that are associated with your hospital admission.

¹For Dental surgery performed by a dentist rather than a medical practitioner we only pay benefits towards hospital charges. If the surgery is performed by a medical practitioner and Medicare benefits are payable, we will pay benefits towards the hospital and medical charges.

The table below shows what's Included, Excluded and Restricted in your hospital cover.

Ambulance Services

Unlimited benefits for medically necessary ambulance trips to the nearest hospital that is able to provide the level of care you require. TAS and QLD have State schemes to cover ambulance services for residents of those States.

Accident Override

Accident Override means that services which are normally Restricted or Excluded will be treated as Included Services where you require hospital treatment as the result of an Accident that occurred after joining this cover.

Benefits are payable for the initial and ongoing hospital treatment for injuries resulting from the Accident under Accident Override.

Excess Explained

Excess is the amount you pay towards your hospital admission (same-day or overnight), often at the time of your admission, before we pay any benefits.

Excess levels available on this product are \$500 per person (up to a maximum of \$1000 per couple/family) and \$750 per person (up to a maximum of \$1500 per couple/family). Excess applies per member, per Membership Year.

Membership Year is the annual period commencing on the date that you join an ahm hospital cover, or change to a new ahm cover for hospital treatment, and renews every year on that date.

To find out what excess you have on your product, log into your account at members.ahm.com.au

GapCover

How to reduce your in-hospital medical out-of-pocket expenses

GapCover is designed to help eliminate or reduce your out-of-pocket expenses for in-hospital doctor's charges.

Where your doctor decides to charge more than the MBS fee (the set government fee), you will be left with an out-of-pocket expense, commonly referred to as the 'gap'.

Doctors can choose to participate in GapCover on a claim-by-claim basis.

Check upfront with each doctor involved if they'll participate in GapCover for each claim as part of your treatment, to help reduce your out-of-pocket expense. Out-of-pocket expenses may still apply.

It's important to know GapCover doesn't apply to diagnostic services.

Hospital Waiting Periods

A Waiting Period is a set amount of time you must wait before any benefits are payable for items and services that are included under your cover. Benefits are not payable for items and services received during a Waiting Period.

Waiting Periods apply when you first join private health insurance. Waiting Periods may apply if you have a gap of more than 30 days between cancelling and re-joining, or switching to ahm from another insurer. They also apply if you change to a level of cover that has additional services or higher benefits on services, or changing cover to reduce any Excess and/or Daily Charges.
