# Extras

Get more back with our highest level of extras cover.

## Unlimited routine dental

Keep that smile picture perfect with no annual limits for routine dental on super extras. Just a heads up, some dental items have a maximum number of times you can claim towards them each financial year.

## Unlimited emergency ambulance

Includes emergency transport to hospital due to a sudden or unexpected event (1 day waiting period applies). Excludes transport covered by a state scheme or ambulance subscription and non-emergency transport eg. transport from hospital to home.

Tas and Qld residents are covered by their state schemes.

## Loyalty rewards

Because we like you lots, after you have been with us for 5, 10 and 20 full, continuous financial years your annual limit on some services will increase.

### What is a Waiting Period?

This is the set amount of time you must wait before you can receive benefits for a service included in your cover. If you switch to us from another private health insurer or change to a different cover with us, we'll generally recognise any waiting periods you've already served for comparable extras.

## Included extras

Annual limits apply per person and reset every financial year.
